SKILLS

Languages:	C++ (DSA), JavaScript, HTML, CSS
Web Tech:	React.js, Node.js, Express, MongoDB, Tailwind CSS
Cloud & Tools:	AWS (Certified Cloud Practitioner), Git/GitHub
Core Fundamentals:	Data Structures & Algorithms, DBMS, Operating Systems

EDUCATION

Computer Science Graphic Era Hill University	CGPA: 7.88 2027
XII (CBSE) Holy Wisdom School, Champawat	Percentage: 82.20% 2022
X (CBSE) Holy Wisdom School, Champawat	Percentage: 87.60% 2018

ACADEMIC PROJECTS

Real-Time Chat Application

Tech Stack: React, Node.js, Socket.io, CSS

- Developed a live messaging platform using WebSockets for instant data transmission.
- Implemented "User Online" status and automated timestamps to enhance real-time communication.

Personal Budget Tracker (FinTech)

Tech Stack: JavaScript (React), Chart.js, Tailwind CSS

- Created a financial dashboard that visualizes income vs. expenses using interactive graphs.
- Managed complex state to calculate "Balance" and "Savings" goals dynamically based on user input.

Automated "Task Manager" with Priority

Tech Stack: Node.js, MySQL, Bootstrap

- Built a productivity tool that stores user tasks in a Relational Database.
- Developed logic to sort tasks by "High, Medium, and Low" priority and track completion percentages.

URL Shortener (Bitly Clone)

Tech Stack: Python (Flask), MongoDB, HTML/CSS

- Developed a Bitly clone using Python/Flask and Base62 encoding, featuring a redirect counter to track link engagement.

POSITION OF RESPONSIBILITY

Event Coordinator Fest, Graphic Era Hill University	2024
• Spearheaded a team of 4 to build a Static Code Analyser, optimizing the parsing engine to achieve a 30% efficiency gain. (2026)	
Peer Mentor (Academic)	2025
• Mentored a group of 20 juniors in Data Structures, conducting weekly doubt-clearing sessions that improved average class test scores by 15%.	
Influencer Marketing	
• Developed and executed an influencer marketing project, screening candidates across multiple regions.	

ACHIEVEMENTS / HOBBIES

- Completed an advanced Full-Stack Development certification with an A+ grade, mastering React and Node.js backend architectures.
- AWS Certified Cloud Practitioner: Validated professional expertise in Cloud Architecture, security compliance, and deploying scalable, high-availability infrastructure for modern applications.
- Served as the primary host for various college functions, delivering engaging scripts and managing live event flow for audiences of 500+.
